FROM—THE AUDITORS OF THE ACCOUNTS OF THE MUNICIPAL CORPORATION
FOR THE TOWN OF CALCUTTA,
TO—THE MUNICIPAL COMMISSIONERS FOR THE TOWN OF CALCUTTA.

GENTLEMEN,

WE have the honour to report that we have audited the accounts of the Corporation of Calcutta for the year 1881, and have found them correct. They do not call for special notice except in the following particulars.

2. The working of the Kotrundg brickfield by the municipality having been discontinued on the 1st of January 1882, when it was made over on lease to a contractor, it became necessary to close the accounts of this manufactory, and ascertain the net profit or loss that had ensued from it. The result of this settlement of the accounts is a loss of Rs. 63,161-12-2½ representing the depreciation of the materials and plant, the working loss on the brickfield, &c., which must be made good from the revenue of the Corporation. We have sent a more detailed report upon this subject to the Chairman, and hence it is only necessary for us to remark here that the loss of Rs. 63,161-12-2½ has not been charged in your revenue accounts of the year 1881, as the result of the transfer of the materials and implements of the brickfield was not known in time, but the amount must be adjusted in the accounts for 1882. The assets of the municipality on the 31st December 1881 have therefore been overstated by this amount.

3. The excesses of the actual over the estimated expenditure will be found in the printed accounts. They require the sanction of the Commissioners in meeting.

4. The block account of the municipality has been reduced during the year by Rs. 19,549-14-3, of which Rs. 7,086-7-1 represents the sale proceeds of surplus lands, and Rs. 12,463-7-2 the depreciation of the Entally machinery.

5. We have to report that during the first two or three months of the year the vouchers passed by the Engineer bear his stamped instead of his written signature. This practice has been discontinued, but no correction of the vouchers which bear the stamped signature has been made.

We have, &c.,

E. ATKINSON,
Offg. Comptroller-General.

WILLIAM H. DOBBIE,
Assistant Comptroller-General.

FROM—THE AUDITORS OF THE ACCOUNTS OF THE CALCUTTA POLICE,
TO—THE MUNICIPAL COMMISSIONERS FOR THE TOWN OF CALCUTTA.

GENTLEMEN,

WE have the honour to inform you that we have audited the accounts of the Calcutta Town Police for the year 1881, and have found them to be correct.

2. We annex the usual annual statement of receipts and expenditure, and a copy of the balance sheet of the 31st December 1881. In this annual account, which has been passed by us as correct, will be found a comparison of the actual receipts and expenditure with the estimates. The only differences which call for remark in this report are those relating to the surplus of the Additional Constables Fund, and the contribution by the Suburban Municipality towards the expenses of the Chowkeedars' Hospital. In regard to the former we would point out that, at the close of the year instead of estimated surplus of Rs. 5,000, there was a deficit of Rs. 376-3 which, however, is fully covered by bills realized from the Corporation of Calcutta in 1882, on account of the services of policemen employed in 1881 to regulate the jute traffic. Owing to this realization, we have allowed the deficit to remain in the Additional Constables Fund as balance carried forward to the next year. We may add that the income of this fund appears year by year to have been over-estimated.

3. The deficiency in the receipts from the Suburban Municipality on account of the expenses of the Chowkeedars' Hospital is due to a refund made to that municipality under the orders of Government of the excess amount contributed by it on this account in past years, the contribution having been calculated upon the estimated instead of upon the actual expenditure on the hospital.

4. We have to notice that during the year 1881, the duty of signing all bills for the services of policemen lent to public institutions, &c., has been transferred from the Commissioner or the Deputy Commissioner of Police to the Head Assistant. The alteration of practice has the effect of weakening our check upon such receipts.

5. We have seen the safe custody receipt of the Bank of Bengal for the Government Promissory Notes belonging to the Calcutta Police Superannuation Fund, and for those deposited by the Cashier as his security, and have also analysed the advance and deposit accounts.

We have, &c.,

E. ATKINSON,
Offg. Comptroller-General.

WILLIAM H. DOBBIE,
Assistant Comptroller-General.

PUBLIC WORKS DEPARTMENT—BENGAL.

DISTRICT ROAD FUND.

NOTIFICATION No. 212.

Dated the 5th June 1882.

THE following annual accounts and abstracts of the reports of the Road Cess Committees of Patna, Gya, Shahabad, Mozefferpore, Durbhanga, Sarun, and Chumparun districts, for the cess year 1880-81, together with the remarks thereon of the Commissioner of the Patna Division, are published for general information.

Major, M.S.C.,
Asst. Secy. to the Govt. of Bengal, P. W. Dept.

Abstract of a Report by the Chairman of the District Road Committee, Patna, on the Committee's operations for the cess year 1880-81.

THE Act has worked fairly well. The total demand of cess for the year was Rs. 1,60,314 against Rs. 1,60,456 of the previous year, while the amount actually collected was Rs. 1,68,721-4-0, or Rs. 8,175-6-7, more than that of the year preceding. The collections will be still better in future, as the means provided for in the new Act for realizing the arrears becomes generally known to the landholders.

The District Committee has, as usual, worked exceptionally well. The members have begun to appreciate the usefulness of well constructed roads, and freely give their opinions regarding the projects that are laid before the Committee. With the exception of the Barh Branch Committee, all other Branch Committees have worked satisfactorily.

The expenditure on village roads was Rs. 4,923 against Rs. 958-13-0 in the preceding year. The greater part of this sum was spent on opening up a side track along the foot of the Gya Railway line.

The planting of trees on the sides of roads received proper attention. The trees so planted out were monthly obtained from nurseries established about the district. In addition to 78 miles of roads planted out last year, 43 miles were planted to fill up vacancies created by trees dying.

The different establishments under the Committee have worked satisfactorily.

C. T. METCALFE,

Chairman, District Road Cess Committee,
Patna.

G. A. GRIERSON,

Vice-Chairman, District Road Cess
Committee, Patna.*Abstract of a Report by the Chairman of the District Road Committee, Gya, on the Committee's operations for the cess year 1880-81.*

THE collections made during the year attained a percentage of 99·6 on the demand, which is satisfactory. Of the amount outstanding at the end of the year, Rs. 10,676 have been since realized, and for the recovery of the balance certificates have been filed as required in section 98 of the Cess Act.

The Branch Committees have generally shown far more interest in the work under their charge than hitherto, and have, on the whole, been of great assistance to the District Committees.

No work of any special importance or difficulty was completed on the district roads during the year. The Branch Committee of Aurungabad has been very energetic in constructing and repairing village roads, and has at length succeeded in inducing zemindars to undertake the charge of roads leading to their own villages.

The Branch Committees of Jehanabad and Nowadah have failed, however, in their efforts in this direction, but have spent nearly the entire allotments for such roads in their sub-divisions. The village roads in the Sudder sub-division have been repaired under the immediate control of the Vice-Chairman of District Road Committee.

About 6,000 trees have been planted out during the year from the nurseries at Gya, Bela, and Aurungabad. The road from Gya to Morhur, 12 miles, and that from Gya to Shergotty, 21 miles, have new trees planted out along their entire lengths. The road from Gya to Dhobi has also been planted with trees up to the junction with the cross road from Budh-Gya, and every road in the Aurungabad and Sudder sub-divisions have also been similarly provided for one or two miles of their lengths. There is no nursery at present at Nowadah, but one will be started at that place. Nurseries are being established at each of the inspection bungalows where ground is available. Efforts have been made to induce villagers and others to plant trees along the road side near their own villages, and two miles of the road from Aurungabad to Moharajgunge have been so planted, the cultivator receiving four annas for each tree after it has been in the ground one year, and four annas more when it has been down two years, provided it is strong and healthy, after which it becomes the property of the Road Cess Department.

The District Engineer and other establishments under the Committee have been reported to have worked well and satisfactorily.

M. FINUCANE,

Vice-Chairman.

Abstract of a Report by the Chairman of the District Road Committee, Shahabad, on the Committee's operations for the cess year 1880-81.

THE collections of cess during the year were satisfactory.

The Committee met three times during the year, and in every case there was an attendance sufficient to form a quorum. The members showed great interest in their work.

The roads in the district were generally kept in good condition, and a marked improvement was made on the village roads in the Sudder sub-division. In Buxar and Bhabua sub-divisions the administration of the funds at the disposal of the Branch Committees needs much attention.

Rs. 16,278 were expended during the year on village roads, principally on the maintenance of old-established tracks; but much remains to be done in the way of opening out and improving village paths and cart tracks.

Upwards of 23,000 selected fruit-trees of between one and two years' growth, have been planted out from the eleven nursery gardens referred to in last year's report on 84 miles of road, making a total of upwards of 100 miles of road now planted with young trees.

All the establishments under the Committee worked satisfactorily, except two subordinates under the Branch Committees, whose unsatisfactory work necessitated dismissal in one instance and prosecution in the other.

No. 6.—Part I.

EXPLANATORY NOTE.

Establishment and Contingencies of the Office of Collection.

	Rs.
Amount as per budget	8,161
Ditto spent	8,885
Excess over budget	724

This excess is partly due to the payment of salaries of office establishments for the month of September 1881 during that month for the approaching Durga Poojah holidays, which commenced on the 28th idem, and partly to the appointment of extra establishments for the collection of arrears, and for writing out certificates and notices for service on the defaulting estates. The excess expenditure has been met from the larger amount of process fees realized than was budgetted for.

Establishment and Contingencies of Committee's Office.

	Rs.
Amount as per budget estimate	1,350
Ditto spent	1,434
Excess over budget	84

This excess is due to the payment of value of forms and of subscription to the *Calcutta Gazette*, and to some petty expenditure. This excess has been met from the savings on works.

Stationery and Printing.

	Rs.
Amount as per budget	50
Ditto spent	118
Excess over budget	68

This excess is due to the charge of printing annual accounts and reports for the year 1878-79, being more than was budgetted for. The excess expenditure has been met from the savings on works.

Original Works.

	Rs.
Amount as per budget	68,681
Ditto spent	62,963
Savings on budget grant	5,718

Repairs.

	Rs.
Amount as per budget	65,092
Ditto spent	54,083
Savings on budget grant	11,009

The expenditure on original works and repairs, for which there are no budget allotments, and in which the budget allotments have exceeded, have been met from the total savings of budget allotments on original works and repairs respectively.

Staging-bungalow Establishment and Contingencies.

	Rs.
Amount as per budget	366
Ditto spent	412
Excess over budget	46

This excess is due to the purchase of certain articles for the Arrah Dâk Bungalow, and has been met from the savings under the head "Petty construction and repairs" of staging-bungalows.

F. H. BARROW,
Vice-Chairman.

Abstract of a Report by the Chairman of the District Road Committee, Mozufferpore, on the Committee's operations for the cess year 1880-81.

ELEVEN meetings of the District Road Committee were held during the year which were fairly well attended by the members. The Branch Committee of Hajepore held eight, and that of Seetamurhee six, meetings. The former Committee had 400 miles of village roads, and the latter 433 miles, under their charge. Both of these Branch Committees have kept their roads in good order, and have taken much interest in their work.

Of 1,636 miles of roads in the district, 765 miles are main trunk roads, and 871 miles village roads. The former were kept in good repair throughout the year, and the latter were fairly repaired; but several of them were impassable for cart traffic during heavy floods of the past rainy season.

The tree-planting operations have been chiefly confined to filling up vacancies on 234 miles planted during the previous years, and 2,500 young tress have been planted out from the nurseries. At the close of the year, the nursery in the Mozufferpore dawkh-bungalow compound contained 1,500 trees, and at the District Engineer's house 2,500 trees; principally fruit-bearing trees.

The several establishments under the Road Cess Committee have done their work satisfactorily.

Abstract of a report by the Chairman of the District Road Committee, Durbhunga, on the Committee's operations for the cess year 1880-81.

THE demand of cess for the year was Rs. 1,62,240 and the total collections were Rs. 1,40,865. The arrears of cess in current and previous years, which remained unrealized at the end of the year under report, amounted to Rs. 47,662. Efforts are now being made by the Collector to realize this heavy outstanding. The percentage of collections last year was 85.

The general state of the main roads in the district, with the exception of those in the Tajpore sub-division, has been good during the year.

The total amount provided for repairs of village roads in the district was Rs. 10,000, and the whole of this allotment was spent during the year. The allotment made for planting trees amounted to Rs. 1,884, out of which Rs. 1,290 were spent, partly in planting out new trees, and partly in maintaining the trees already planted in previous years.

All the establishments under the Committee worked satisfactorily with the exception of the engineering staff from which two overseers had to be removed during the year for inefficiency.

Form of Audit Certificate.

I HEREBY certify that the books and accounts specified below* prescribed for the Road Cess office and for the office of the District Engineer are duly kept up, and that they have been posted for the year 1880-81 and have been duly scrutinized by the Sub-Committee.

Also that the Treasury Officer's abstracts of the account of the Committee for the months have been duly received, checked with the cash and pass-books, and found to agree therewith (except in respect of uncashed cheques which are above enumerated, and have been duly noted in the cash-book);

that the vouchers for the payments of all the month have been cancelled;

that all necessary steps have been taken for the recovery or adjustment of outstanding advances;

that none but duly sanctioned expenditure has been incurred, and that in the case of original works, the register of monthly expenditure shows clearly the amount of sanctioned estimate, the grant for the year, and the expenditure on each work to end of the month;

and generally that the work of the office has been performed with carefulness and regularity, and with a due observance of the rules prescribed by Government.

Abstract of a report by the Chairman of the District Road Committee, Sarun, on the Committee's operations for the cess year 1880-81.

THE state of the roads in the district is good. The main roads are not worse than last year, and the village roads are much better. Considerable attention was paid this year to the improvement of village roads. The most important of these roads have been marked out by the District Engineer, and money was advanced for their repairs to zemindars, planters, and others who closely supervised the expenditure.

About 12 miles of the Chupra-Sewan road have been planted with mango trees, and it is proposed to plant 12 miles more in the cess year 1881-82. Nurseries were established in the Chupra serai compound, and in the compounds of all inspection bungalows.

The steam-communication between Sarun and Patna districts, established in 1880 at the instance of the Sarun Road Cess Committee, has been attended with success.

The several establishments under the District Road Cess Committee have worked satisfactorily.

Explanatory sheet to accompany the Annual Accounts.

Road Cess.—The collection of road cess was 83.26 of the demand. The failure to collect a higher percentage was chiefly due to the introduction of the certificate procedure for the realization of this cess. A full explanation on the subject has been given in the road cess annual report for the cess year 1880-81, a copy of which was submitted to the Commissioner, with Collector's No. 10 of 23rd December 1881.

Refund of Cess.—Rupees 311.12-6 represent double assessments realized from the cess payers, and subsequently refunded (as per orders of the Commissioner, conveyed in his No. 72R of 3rd May 1880, and No. 175, dated 22nd June 1881).

Refund of other Receipts.—Rupees 38 represent the rent of a Government bungalow at Sewan. This amount was at first credited to the district road fund, but was subsequently refunded (as per Treasury Officer's No. 410T of 29th July 1881).

Process Peons.—Under the head there was an expenditure of Rs. 659-12-7 in excess of the budget grant. This was due to the employment of ten additional peons for service of certificates for the realization of road and public works cess arrears as per orders of the Commissioner, conveyed in his No. 53R, dated 22nd April 1881.

Establishment under Committee.—The excess expenditure of Rs. 197-14-11 is due to the payment of the salary of the establishment under the Committee for September 1881 within the cess year under review, and also to the payment of the salaries of the Accountant under the Gopalganj Branch Committee for the month of August 1880, and one day of July 1880. The extra charges were met from savings on the budgetted expenditure.

Original Works.—The figures marked with an asterisk indicate the sums which were sanctioned subsequent to the submission of the budget estimate for works against which they are shown. The necessity for so doing arose in consequence of certain estimates having exceeded the budget grant, and also on account of some new works, urgent and unforeseen. The amount of extra sanctions was met from the savings on other works. The sums sanctioned for original work under village roads were transferred from the grant made for the repairs of village roads.

The following original works were not completed, owing to the failure of the contractors to manufacture the bricks needed.

Constructing a bridge of two openings of 12' each 30th mile of road No. 18.

Ditto a culvert of 5' span and 5' F H 38th mile of road No. 23.

Ditto a bridge of two openings of 9' span on the 19th mile of road No. 33.

Repairs.—Some of the works under the head of repairs exceeded the budget grants. This was due to repairs having to be done to certain roads and bridges injured by the flood. The additional cost was met from savings on other works.

Repairs to Bridges.—No expenditure was incurred on the following bridges, as no contractor came forward to undertake their repairs, owing to their being far apart from each other and requiring only petty repairs:

Bridges on roads Nos. 6, 7, 15, 18, 19, 22, 29, 34, 35, 36, 43, 45, 49, and 50. These bridges remain serviceable.

Engineer's Establishment.—The excess of Rs. 1,076-5-6 under this head is due to the payment of salaries of the establishment for September 1881 within the cess year under review, and also to the payment of the District Engineer's salary for March 1880.

Miscellaneous.—The expenditure under this head was incurred from the district road fund on account of payment of the hire of the steamers *Barh* and *Midnapore*, subject to its recovery from the contractors.

Advances.—The advances made to planters and others for repairing village roads have been adjusted, excepting a small amount outstanding against the Sub-Divisional Officer of Gopalganj and Mr. Macgregor.

Stationery.—Rupees 15-1 previously charged to Engineer's establishment have been corrected in the annual accounts by a transfer to the head of stationery.

H. LEE,
Vice-Chairman.

Abstract of a Report by the Chairman of the District Road Committee, Chumparun, on the Committee's operations for the cess year 1880-81.

THE cess was collected with little difficulty, and payments made with punctuality. The amount outstanding at the end of the year was Rs. 3,285, out of which Rs. 1,253 has since been collected. There are, however, great abuses in the realization of the cess from the cultivators, which cannot be put an end to, until the law regarding the exaction of illegal cesses and the withholding of receipts for rent is made much more definite and stringent than it is at present. These abuses are steadily discountenanced in the Bettiah Estate.

There were five meetings of the Sudder District Committee during the year. The majority of the members being indigo-planters, it was almost impossible to obtain their attendance during the rainy season.

No meetings were held by the Bettiah Branch Committee, the members of which appear to have taken little interest in their work.

1,164 miles of district roads have been maintained and kept in good order during the year, and 81 village roads have been repaired, and small bridges and culverts built on some of them.

32,957 trees have been planted along the roads, and a great number of the trees planted in former years are growing well.

The different establishments under the Committee have worked satisfactorily.
